PROFESSIONAL PROFILE

Malcolm Wu is a program professional with 10 years of experience designing and delivering community-driven programs in under-resourced contexts across Sarawak, Malaysia. His work at iCube Innovation included launching a Digital Innovation Hub in Betong, a rural town with no prior program infrastructure, through community research, stakeholder mapping, and building the town's first formal partnerships between government agencies, community organisations, and the private sector.

He has designed original programs for women, youth, and SMEs, and ran a free weekly program for underprivileged youth at Salvation Army Boys Home for four years. He holds a Malaysian Government Train-The-Trainer certification, speaks 9 languages including Serbian, Croatian, and Bosnian, and is relocating to Banja Luka. He is well-positioned to contribute to EU-funded, UNDP, or NGO programs in community development, digital inclusion, and entrepreneurship in Bosnia and Herzegovina.

PROFESSIONAL EXPERIENCE

Strategic Manager

2015 - Present

iCube Innovation | Kuching, Sarawak, Malaysia

Government-contracted operator of two Digital Innovation Hubs in Sarawak: Sarikei Innovation Center (2017) and Betong Digital Innovation Hub (2022), under Malcolm's program direction.

2022 – Present | Senior Leadership & Hub Scale

- Joined iCube's senior leadership in 2023, shifting from program execution to strategic planning and hub oversight, working closely with the CEO and directors on proposals that shape iCube's direction.
- Launched Betong Digital Innovation Hub (2022): designed programs through community research, built the first multi-stakeholder partnerships in the town, and submitted annual proposals to the Sarawak State Government.
- Developed a capable team that now independently manages all programs, trainers, facilitators, and speaker engagements across both hubs.

2017 – 2022 | Program Design, Sarikei Innovation Center

- Designed Sarawak's first government-contracted 12-month innovation program calendar from scratch, submitted annually as a formal government proposal covering entrepreneurship, digital economy, and SME capacity building.
- Pivoted the entire program calendar to virtual delivery during COVID-19 with no interruption, developing fireside chat facilitation as a new team capability and completing the Malaysian Government Train-The-Trainer (TTT) certification.
- Designed original programs end-to-end: Sarikei Tech Incubator, SarikeiGO! (2022), and Empowerment From Within, representing the team's transition from standardised facilitation to full program authorship.

2015 – 2016 | Ecosystem Foundation

- Introduced Techstars Startup Weekend to Sarawak and was appointed GBG Chapter Lead by Google APAC, connecting local entrepreneurs to mentorship, digital skills programs, and regional networks for the first time.
- Founded Free Coworking Day (2017): individually onboarded 90+ coworking spaces across 120 Asia-Pacific locations, placing Sarawak on a regional map it had never appeared on before.

PREVIOUS PROFESSIONAL EXPERIENCE

Sales Executive

2008 - 2010

Marriott International (via GSI Travel – General Sales Agent) | Malaysia

- Managed corporate accounts and travel management companies across Malaysia for Marriott International's global portfolio, covering account coordination, hotel introductions, and corporate rate negotiations.
- Participated in Global Sales Meetings in Seoul (2009) and Bangkok (2010), building commercial and relationship management foundations carried throughout all subsequent work.

EDUCATION

Bachelor of Hospitality & Tourism Management (Hons)

Taylor's College, Malaysia

Graduated: 2007

Foundations in service, people management, and operations, applied directly to program delivery and community engagement.

CERTIFICATIONS

- Global Certified Techstars Startup Weekend Facilitator (2016), voluntary basis
- Malaysian Government Certified Trainer, Train-The-Trainer (TTT) program: digital skills delivery
